

A FREE COMMUNITY EVENT FOR ALL AGES

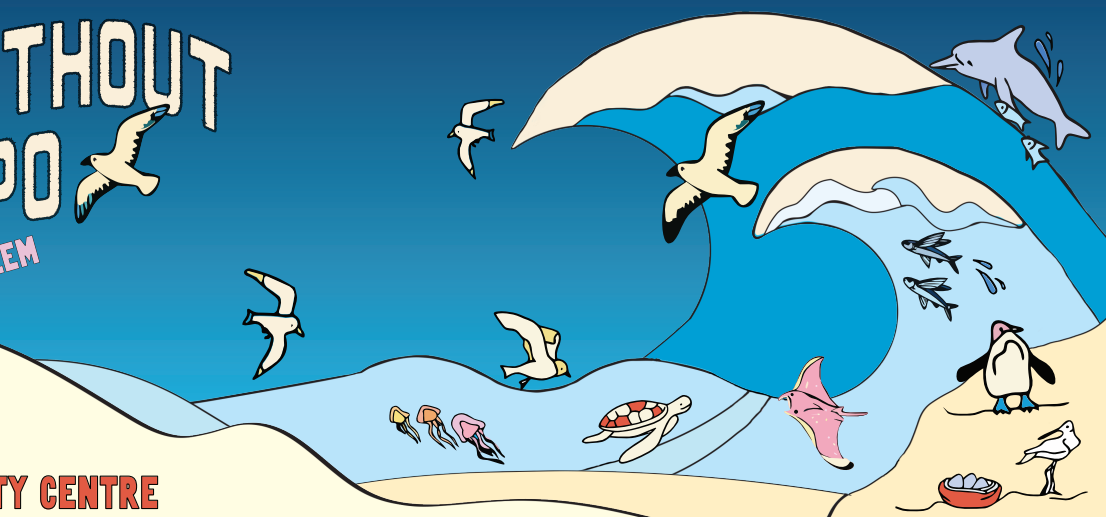

WAVES WITHOUT WASTE EXPO

FIXING OUR PLASTIC PROBLEM

SAT 13TH JUNE

10AM - 1PM

WARRIEWOOD COMMUNITY CENTRE

Waves Without Waste is a **FREE** community event focused on tackling Australia's growing plastics problem and having an honest conversation about what's working, what isn't, and how we can push governments to adopt smarter solutions that reduce plastic production and waste. It's a chance to hear from experts, advocates and local changemakers who are working to create a cleaner, more sustainable future.

The reality is that if we want less plastic waste, we need less plastic in the first place. **With only around 12% of plastic recycled in Australia, we can't keep placing the responsibility on individuals and councils while major companies continue producing vast amounts of plastic with little accountability.** Come along, bring a friend, learn something new, connect with others who care about protecting our environment, and be part of the push for real policy change.

ON THE DAY!

10:00am - 1:00pm

Workshops, kid's activities, coffee cart & live music
Community stalls including Surfers for Climate, Reshaping Waste, Boomerang Bags, Waste Busters Sydney plus more
